

0. Mono Traverse f6C+

Start sitting as for Tall Arête and traverse the wall below the lip. Starting up Leaning Wall and reversing this is f6C.

1. Tall Arête f5+

Climb the highball arête on its right from sitting.

2. Crack and Mantel f6A

From sitting, climb the crack and make an awkward mantel onto the slab.

2a. Sauvastika f7A+

A great eliminate problem. Sit start on two good side pulls, left hand to gaston crimp, right hand to mono, slap left and mantel.

3. Man Oh Mono f6C

From sitting on the two sidepulls, take the mono with the left hand then go right straight to the jug on the lip.

4. Durex f6B

Sit start and climb the crack and rib, eliminating the ledge handhold out right.

4a. Safe Sex f6C

As for Durex but eliminating the crack.

5. Leaning Wall f5+

From sitting, climb the big ledges in the corner.

6. Right Arête f5+

Climb the right arête from sitting.

7. Slab Arête f4+

Climb the left arête. A hard f7A sit start is also possible climbing the right arête of the groove starting sitting on its left hand side.

8. Blank Slab f4+

Climb the centre of the slab direct.

9. Tall Arête LH f4+

Climb the highball arête on its left.
